

HENDRIKS
YOUNG PLANTS

2020-2021

Derde generatie familiebedrijf

 Hendriks Young Plants is gevestigd in Westland, het epicentrum van de internationale tuinbouwsector. Het familiebedrijf is in 1947 opgericht door Jan Hendriks. Zijn zonen Hans en Fred Hendriks zijn zich vanaf 1973 gaan specialiseren in de teelt van jonge planten voor Fuchsia, Pelargonium Grandiflorum en Argyranthemum. De twee broers hebben Hendriks Young Plants uit laten groeien tot betrouwbare leverancier van hoge kwaliteit jonge planten aan kwekers binnen en buiten Europa. Het laatste decennium is Hendriks Young Plants zich ook gaan richten op veredeling en marketing. Inmiddels zet de derde generatie zich volledig in om onze marktpositie verder te versterken.

Third generation family business

 Hendriks Young Plants is situated in Westland, the epicentre of international horticulture. The family business was founded by Jan Hendriks in 1947. His sons, Hans and Fred specialized in producing young plants for Fuchsia, Pelargonium Grandiflorum and Argyranthemum since 1973. They have been responsible for growing the company into a reliable supplier of high quality young plants to customers in and outside Europe. In the last decade we expanded our activities in breeding and marketing. Meanwhile, the third generation is committed to further strengthening this market position.

Veredeling Bella Fuchsia ®

 Bella Fuchsia ® is een selectie van Fuchsia soorten die excelleren in groei- en tuinprestaties. Deze serie komt voort uit jarenlange veredeling door Hendriks Young Plants. Fuchsia zit in het DNA van ons familiebedrijf. Ieder jaar wordt uit duizenden zaailingen een selectie gemaakt. Hierna volgen testfasen op grotere schaal bij Hendriks Young Plants en onze klanten. Tevens worden soorten beoordeeld op tuinprestaties in showtuinen. Wanneer een soort voldoet aan alle kwaliteitseisen, wordt deze toegevoegd aan het Bella Fuchsia ® assortiment.

Breeding Bella Fuchsia ®

 Bella Fuchsia ® offers you the finest selection of Fuchsia varieties. These varieties are the result of years of breeding by Hendriks Young Plants. Fuchsia is part of the DNA within our family business. Every year a selection of the best varieties is made out of thousands of seedlings. Thereafter, these varieties are tested on a larger scale by Hendriks and our customers. Next, the varieties are judged on outdoor performance in different show gardens. When a variety meets all our quality requirements, it is introduced in our Bella Fuchsia ® assortment.
